

## Providing Fintech Startups with Instant Access to the African Market

We provide Fintech firms with instant go-to-market access to Africa offering strategic advisory services to help you build your business case and sales strategy prior to investing in the African region.

Next Wave Africa enjoys strong, trusted relationships with over 500 banks, the MNOs, and financial institutions throughout the African continent.

We are well-positioned to provide Fintech firms with instant go-to-market access to Africa.

We start by providing advisory services to build your business case, product design and financials, and the go-to-market strategy

### OUR SERVICES

We market your product, increase your visibility on the ground, and serve as your primary point of contact to execute business development goals.
